**RE: Mortgage 92-634-32158-3 matters**

Dear Sir Madam, Dear Member of regulated Mortgage lender-Staff (creditor)

Dear Craig/ Dear Linda

Taking further reference to all forgoing and aforesaid including telecommunication with your teams on the 9<sup>th</sup> of May 2018 I have enclosed further records according to my updated journal-record keeping, to your further convenience and consideration. I also wish to propose sensibly and responsibly:

In respect of the current circumstances I seek your agreement to terminate the very complex agreement we seem to have, now, by submitting a final remittance to you of **£ 56,197.48 in order to simplify matters fair, sustainable and responsible.**

## Justification

1. Barclays PLC has collected from affected Mortgage agreement **not less than £143,059.06** against an original amount borrowed of 102,500 (any additional charges imposed & collected not considered, hereby)

I wish to stay alive  
just like you  
do!!!!!!!

Quite a lot of species are listed in danger and even if human being is not on top of this list, yet, he will finally be, unless he thinks twice what he is doing. That's why think about your way of consuming energy. It is **not unlimited!** Even renewable energies are limited but they are an alternative. If you use this alternative while saving energy you will take me off this list as well as yourself. Think about it in time!

“no passing by but co-operation is the deal“

Banking Facilities: ABSA Bank S.A. ; Branch 63-20-05 ; Account No 9311519224  
Barclays Bank UK ; Branch 20-31-52 ; Account No 40849081  
Net West Bank UK ; Branch 56-00-18 ; Account No. 71236775  
Banco Totta PT ; Madeira/Funchal ; N. de Conta 0003.12508115020-51BT

**UTR registration:-2827284163-**

**VAT registration Number:-117059819-**

**Deutsche Steueridentificationsnummer:-48630712059-**

2. Interest rates have been above official statistics and had been sitting at a 4.99% against a Base Rate (Bank of England) set to less than 1% throughout most times of the mortgage till today, showing very rare sign of variation.
3. All attempts whilst experiencing the financial constrains triggered by South African matters affecting aforesaid mortgage-agreement at the mortgage reserve - now called current-account, have failed because Barclays PLC rebuffed all proposals made.
4. Finally the land and property, Land 4/4A Brendon Avenue, property 4 Brendon Avenue contain a considerable equity amount well above the 50/50 financial golden rule, which appears being blocked by Barclays to be released for renewable, sustainable energy-generation.
5. Legislation should consider charters of common wealth, other conventions and voluntary commitments like being made in Paris in terms of environmental protection.

In good will attention another additional, voluntary arrangement of myself had been set with a foreign Bank to the UK in order to serve the mortgage account I have been told at the Court hearing at the Willesden County Court in 2016. Consequently the UK investment of effect increasingly receives financial, authentic records of NON UK origin, a fact, which should receive adequate, appropriate consideration and respect, quite?

Please be made aware that further details are accessible to public and interested entities on [www.greenpower1wo.co.uk](http://www.greenpower1wo.co.uk) sub-page "Standard Bank South Africa" and further sub-pages.

I note that the total payments made to Barclays more or less corresponds in harmony with figures on my records, a positive anchor-point to say no monies seem to have disappeared at this Sovereignty, at least, **but Interest and Additional Charges in question being disputed or requested for absolute transparency.**

Meanwhile I will continue my record-keeping backed by authentic transaction records and reasonable interest rate charges. **If you do not agree please furnish me with your concerns, sensible arguments based on evidence for further consideration.**

I shall furthermore amend figures to recent calculations and discoveries since Barclays became more transparent on 18<sup>th</sup> August 2017, I am responding to, herby, taking aforesaid new figures/information in average as the guideline to see our agreement ending to mutual benefit and acceptable conditions, subject to further base-rate monitoring and fair consideration.

Also kindly take notice of time-notes at the very bottom of my records you appear being constantly up-dated about.

If there should be anything not clear to you, please bear in mind I am here to assist at your very best convenience, within set reasonable time-frame-works.

Quite a lot of species are listed in danger and even if human being is not on top of this list, yet, he will finally be, unless he thinks twice what he is doing. That's why think about your way of consuming energy. It is not unlimited! Even renewable energies are limited but they are an alternative.
